OBJECTIVE

A full stack developer with a strong foundation in computer science and a passion for using technology to solve complex problems. Proficient in a wide range of programming languages and frameworks, with experience in web development, database design, and software engineering. Seeking a challenging and rewarding opportunity to leverage my skills and expertise to deliver high-quality solutions and drive business success.

COMPETENCES

I am highly detail-oriented, well-organized, and committed to providing exceptional work with quick turnaround times. My goal is to provide the best possible service in order to increase productivity for clients and the business. I take pride in my ability to deliver high-quality results and am always looking for ways to improve and exceed expectations.

WORK EXPERIENCE

Full Stack Developer, ABC Tech | 2019-2021

Improved application performance and security by implementing caching, data validation, and authentication techniques
